

THE PANERA BREAD FOUNDATION ANNOUNCES 2023 GRANT AWARDS

30 Non-Profits Receive Grants to Continue and Expand Programming to Invest in Underserved Youth

ST. LOUIS, April 4, 2023 – Today, the [Panera Bread Foundation](#)* announces 30 non-profit organizations will receive a collective \$2 million from the Panera Bread Foundation Grant Program. The Panera Bread Foundation launched the grant program in 2021 to support non-profit organizations that provide access to education, opportunity, and mentorship to at-risk, underserved, or historically underrepresented children and youth.

“The 2023 grant award recipients are doing incredible work to help create a world in which young people can unlock their full potential, and we are proud to be a small part in helping them achieve their missions,” said Debbie Roberts, Panera Bread Chief Operating Officer, and President of the Panera Bread Foundation Board of Directors. “We’re also grateful for the generosity of our guests who rounded up their checks through our *Give Change for Children* program—because of them, we were able to more than triple the total grant amount this year.”

The Panera Bread Foundation envisions a world in which young people can unlock their full potential and dare to dream — a world in which opportunity and economic mobility are accessible and equitable for all. The *Give Change for Children* round-up program began last March and raised more than \$1 million in 2022 to support the Panera Bread Foundation’s mission. At participating bakery-cafes, Panera Bread guests have the option to round-up their order total to the nearest dollar to help invest in underserved and at-risk children and youth. *Give Change for Children* is available in-cape at the register, at the drive-thru and kiosk, and through web and mobile app ordering**.

Programs funded by the 2023 grant awards include: college readiness training including campus visits, application assistance, and financial aid planning; STEAM programs to inspire youth to become leaders in science, technology, engineering, art and math; career readiness including internship programs and community job placement; afterschool and summer programs focused on robotics and computer programming; one-to-one mentoring for students and their families on a post-high school plan, and more. About Panera Bread

Panera Bread opened in 1987 as a community bakery, founded with a secret sourdough starter and a belief that sharing great bread is an expression of warmth and generosity. That vision holds true today with a robust menu of delicious, chef-curated recipes created with a simple principle: The Familiar, Made Fantastic™. At Panera, we serve food that we are proud to serve our own families, made with responsibly raised proteins and freshly prepared with Clean ingredients--food that does not contain the artificial preservatives, sweeteners, flavors, and colors from artificial sources set forth on our No-No list served in U.S. bakery-cafes. From crave-worthy soups, salads and sandwiches to flatbread pizza and sweets, we offer our guests more than great food. Our ethos of generosity drives us to meet our guests where they are through technology and through our shared values. We are stewards of our communities and the planet — with programs like Day-End Dough-Nation® that donates unsold baked goods in the evening to local non-profits, or labeling climate-friendly low carbon [Cool Food Meals](#).
